

Thursday March 9th

08.30-09.00	Registration, coffee and tea	
09.00–09.15	Welcome	Rustad, Kwiet, Fredwall
Moderator	Giedre Grigelioniene	
09.15–09.45	Skeletal dysplasias in a nutshell: a clinical geneticist's view	Geert Mortier, Belgium
09.45–10.15	Radiological evaluation, what to look for, from the radiologist point of view	Else Merckoll, Norway
10.15–10.45	Bone dysplasia, the historical perspective	Gen Nishimura, Japan
10.45–11.15	Break with refreshments	
Moderator	Svein O. Fredwall	
11.15–12.00	Update on clinical trials in skeletal dysplasia	Ravi Savarirayan, Australia
12.00–12.30	Optimizing management of foramen magnum stenosis in achondroplasia	Melita Irving, UK
12.30–12.50	Psychosocial findings in an adult skeletal dysplasia group	Elisabeth Fagereng, Norway
12.50–13.10	The Norwegian Restricted Growth Association (NiK)	Åsne Hanto and Hanna Jørgensen
13.10–14.10	Lunch	
Moderator	Hanne Hove	
14.10–14.40	In a scarcely populated country, what do we find and how often?	Kristian Tveten, Norway
14.40–15.10	Genetic defects in phosphate homeostasis	Outi Mäkitie, Finland
15.10–15.40	Finnish cases	Helena Valta
15.40–16.00	Break, coffee, tea and cake	
Moderator	Cecilie F. Rustad	
16.00–16.25	Leri-Weill dyschondrosteosis and Madelung	Mona Winge, Norway
16.25–16.50	Initiating clinical trials in Denmark/Nordic countries – challenges and hurdles	Merete Ljungberg, Denmark
16.50–17.00	Skeletal dysplasia in Denmark	Astrid Skov Midtiby
18.00	Workshop dinner at the Conference Venue (for those pre-registered)	

Friday March 10th

Moderator	Outi Mäkitie	
09.00–09.30	Gene discoveries in skeletal dysplasia	Giedre Grigelioniene, Sweden
09.30–10.00	Swedish cases	Hillevi Lindelöf, Ulrika Voss
10.00-10.30	Break with refreshments	
Moderator	Ravi Savarirayan	
10.30–11.00	Fetal skeletal dysplasia	Melita Irving, UK
11.00–11.30	Danish cases	Pernille Axèl Gregersen
11.30–12.00	Rare fetal and neonatal bone dysplasias: the diagnostic pitfalls and the supplementary	Gen Nishimura, Japan
12.00–12.30	Monogenic osteoporosis	Outi Mäkitie, Finland
12.30–13.00	Natriuretic peptide signaling and skeletal dysplasias	Geert Mortier, Belgium
13.00–14.00	Lunch	
13.00-14.00 Moderator	Lunch Svein O. Fredwall	
		Ravi Savarirayan, Australia
Moderator	Svein O. Fredwall The importance of a multidisciplinary approach to the lifelong management of individuals with skeletal	
Moderator 14.00–14.30	Svein O. Fredwall The importance of a multidisciplinary approach to the lifelong management of individuals with skeletal dysplasia How do we manage chronic pain in patients with	Australia
Moderator 14.00–14.30 14.30–15.00	Svein O. Fredwall The importance of a multidisciplinary approach to the lifelong management of individuals with skeletal dysplasia How do we manage chronic pain in patients with skeletal dysplasia? Importance of nutritional assessment and	Australia Ariane Kwiet, Norway

Organising committee:

Cecilie F. Rustad Svein O. Fredwall Ariane Kwiet

This meeting has been sponsored by

BioMarin Europe Ltd.
